

Adrenal Support

60 capsules, Herbal Combination, Stock No. 1507-0

The adrenal glands are primarily responsible for offsetting the effects of emotional, mental and physical stress on the body. Modern dietary habits and stressful lifestyles have a deleterious effect on the capabilities of the adrenal glands. Your level of energy, muscular strength, blood sugar levels and ability to respond to environmental stressors are all affected by adrenal function.

Adrenal Support is specially formulated to nourish the adrenal glands and to promote glandular secretion. The formulation includes adrenal glandular substance (from New Zealand BSE-free bovine) plus vitamins and herbs to help maintain proper adrenal function.

Did you know?

The adrenal glands produce and regulate stress hormones, which prepare the body to deal with stressful situations. The adrenal hormones and their functions are linked to virtually all of the body systems. Thus, many physiological processes and bodily functions, including cardiovascular health, sex drive, pH balance, skin conditions, energy levels, mood and overall psychological outlook often correlate to adrenal gland function.

NSP Advantage

60 capsules. Herbal combination of a synergistic blend of vitamins, minerals, enzymes and adaptogenic herbs to support and strengthen the adrenal glands. Adrenal Support combines the most bioavailable and biological-terrain-friendly forms of these vital nutrients.

Ingredients: Each capsule contains 515 mg of the following:

Medicinal Ingredients: adrenal powder (bovine) 150 mg; magnesium (magnesium citrate) 10 mg; pantothenic acid (vitamin B5) 45 mg; Schizandra (*Schisandra chinensis*) fruit 50 mg; vitamin C 25 mg; Borage (*Borago officinalis*) oil powder 25 mg; zinc (zinc citrate) 5 mg; potassium (potassium citrate) 5 mg; thiamine (vitamin B1) 10 mg; licorice (*Glycyrrhiza glabra*) root 10 mg; riboflavin (vitamin B2) 5 mg; vitamin B6 5 mg; protease blend (protease enzymes, red beet [*Beta vulgaris*] root fibre, bentonite) 5 mg
Non-medicinal ingredients: gelatin capsule (gelatin, water), microcrystalline cellulose.

Recommendation: Take one capsule with a meal twice daily.

Caution: Do not use if you are pregnant or breastfeeding.
